THE CFXQ TOKEN AND THE POWER OF REFERRAL

WORD OF MOUTH

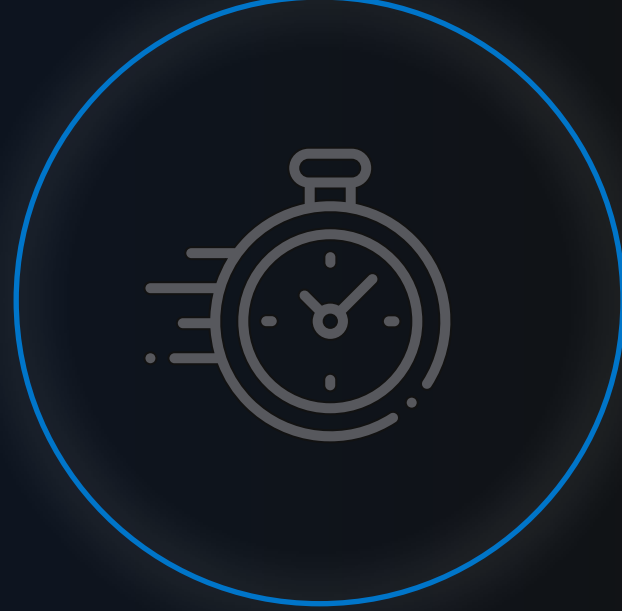

How do we do that?

Anyone has several hundred friends reachable with a click as an average about 300.

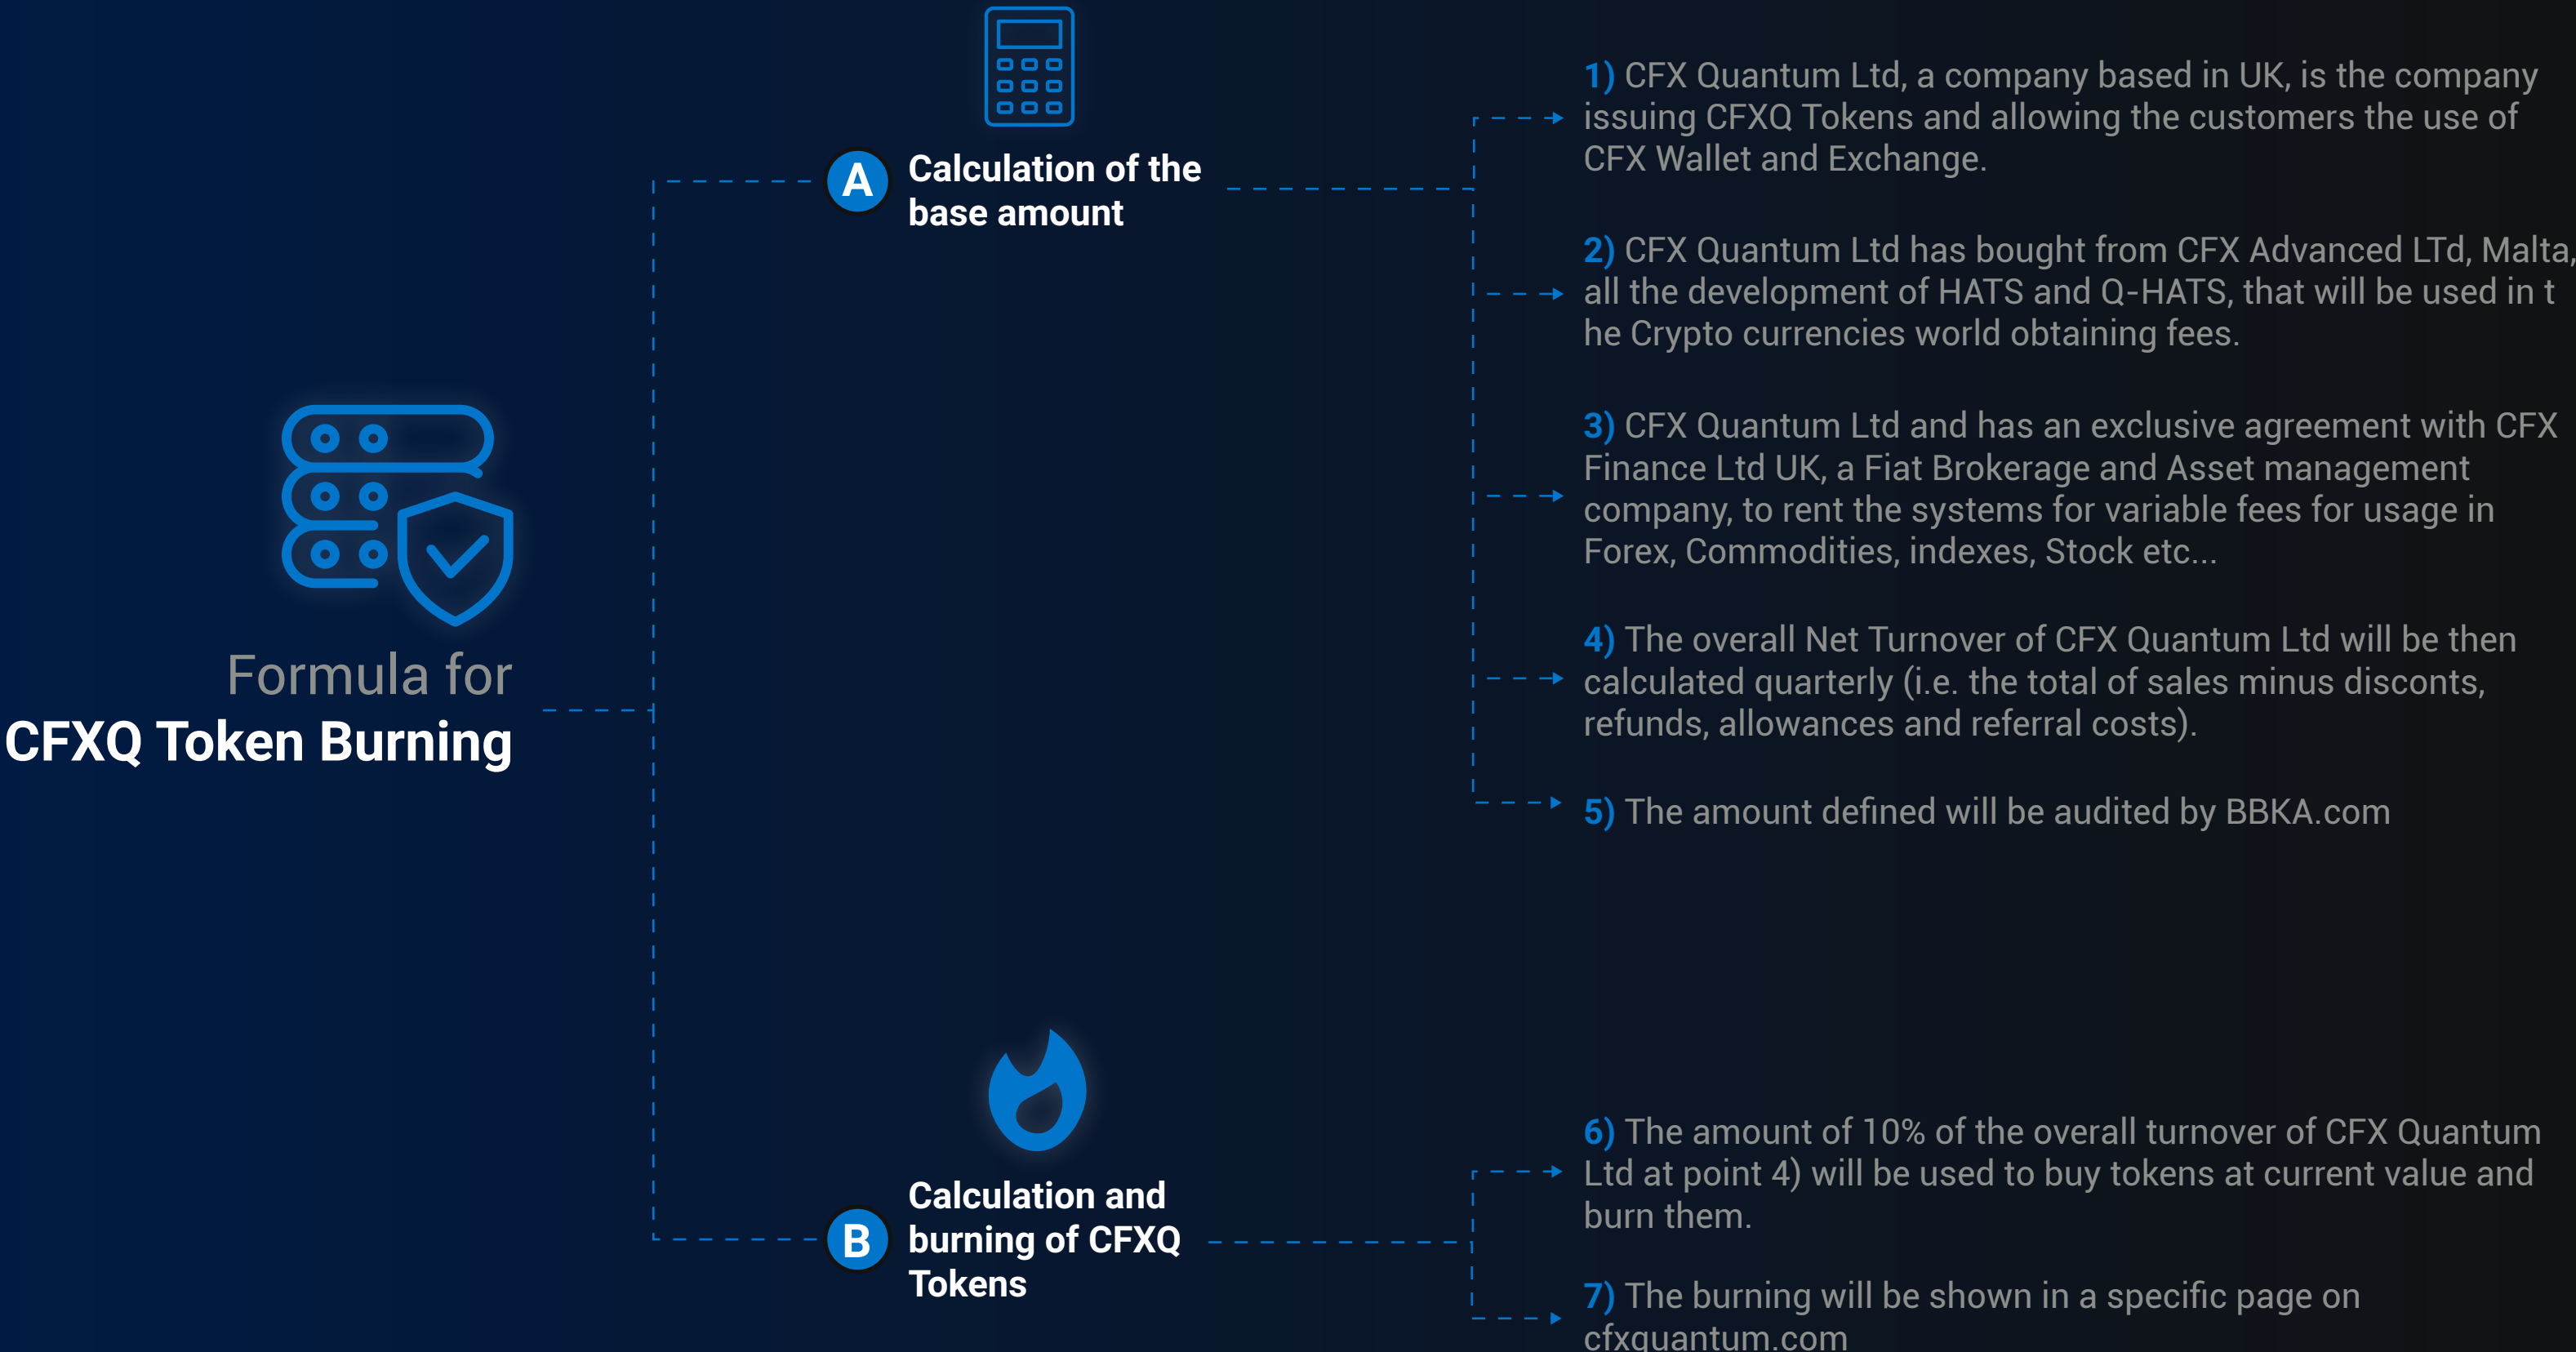

By just showing the CFX Wallet Exchange and its user-friendly interface, it's easy to let a friend install the APP. Once in, anyone will experience the simple solution for a new investment journey.

All of them will also know that CFX Quantum will BURN tokens every quarter by investing 5% of his turnover. The token will become scarce over time.

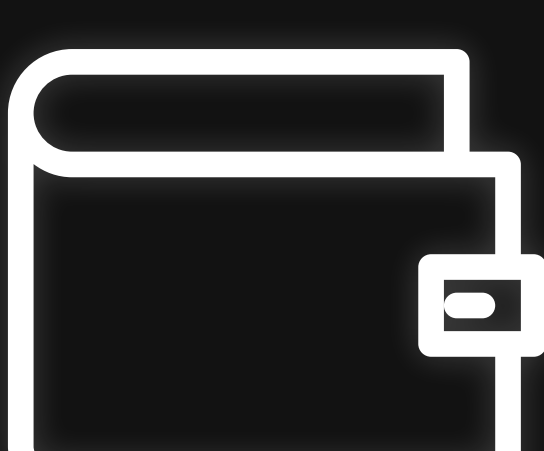

THE BURNING OF

CFXQ TOKENS

5%

Of Sales For Five Years To Burn Tokens And Increase Value Of Remaining Ones

The CFX Quantum Wallet is subject to KYC, AML and GDPR rules by the latest standards, so every wallet address is whitelisted.

CFXQ token will be listed on third party exchanges, such as LA TOKEN supporting KYC, AML and GDPR procedures as well.

The overall CFXQ Token system is a Circle of sharing results!!

CFXQ TOKEN IS THE ESSENCE OF SHARING TANGIBLE PROFITS, RATHER THAN THEOREMAS
